

Welch Allyn Connex® Cardio ECG

When it comes to your patients' heart health, an ECG may be *the most important thing you do today.*

You rely on ECG data to help support critical decisions.

The **Welch Allyn Connex® Cardio ECG** provides results you can trust in an easy-to-understand format designed with your workflow in mind.

Better patient outcomes begin with better data.

When it comes to ECGs, you can only interpret what you can see. **The Mortara VERITAS™ resting ECG algorithm** provides high-fidelity data to support better clinical decisions.

The Connex Cardio ECG complies with ACC, AHA and HRS recommendations for ECG acquisition on adult and pediatric patients to:

- Provide interpretation based off of original data, regardless of filter settings
- Clearly disclose filtering so you can easily identify original vs. processed waveform data

With the industry's broadest range of diagnostic cardiology solutions, we help people get better care, inside and outside the hospital. Backed by **clinical excellence, connected solutions and continuous innovation**, Welch Allyn Cardiology is proud to be powered by Mortara.

Discover a workflow that works for any setting.

- Launch Connex Cardio directly from your EMR to capture and save an ECG in as few as two clicks.
- Standardize connectivity across your IDN or health system with DICOM® or HL7® communication.
- Use as a standalone PC and export PDFs to any network folder.

Welch Allyn and Mortara have connected devices to numerous partners in hundreds of hospitals and health systems.
